When activating the “small caps” option, lowercase letters will be transformed in small capitals and lining figures in oldstyle figures. You can also access the “all small caps” option on the OpenType panel that will also transform uppercase letters. The height and spacing of the punctuation is automatically adapted when you select the “all caps” or “small caps” option.

Lowercase in small caps

Monsieur
le Président

MONSIEUR
LE PRÉSIDENT

“All small caps” option

Monsieur
le Président

MONSIEUR
LE PRÉSIDENT

Case sensitive punctuation

¿ No ? (Yes)
« Peut-être »

¿ NO ? (YES)
« PEUT-ÊTRE »

The default setting for figures is the lining set. Tabular figures have an identical width and are useful for the composition of charts. You can access the others sets on the OpenType panel. An alternate slashed zero is available for all sets. Height corrected currency and mathematical symbols are automatically activated on all sets of figures.

Slashed zero
